

## Tioga Limited – Environmental Policy

Tioga Limited is a Contract Electronics Manufacturer (CEM), manufacturing and supplying electronic assemblies and products, to the specifications supplied by our customers. We are committed to continually improving our systems to protect the environment and believe that we have a responsibility to do so. The environmental policy is brought to the attention of all employees and is made available to the general public via the company website and reviewed periodically to assess its effectiveness, compliance with environmental law and to ensure that it reflects changing needs and circumstances.

It is Tioga's policy to;

- Comply with all applicable environmental legislation and other environmental requirements
- Take precautionary measures to control and prevent the risk of pollution
- Where practicable, control and reduce the consumption of energy, water and other resources in business activities including the safe recycling of waste materials; only licensed waste contractors shall be used to dispose of waste
- Provide information and training to increase employee awareness and encourage all employees to take an active part in meeting the environmental objectives
- Where practical work with customers and suppliers to provide environmentally friendly and recycled materials
- To carry out environmental audits when required
- Environmental objectives have been set, monitored and reviewed to provide a management tool for Tioga Limited to achieve the general aims set out in this policy statement and help achieve continuous improvement in our environmental performance
