

## **Tioga Limited – Quality Policy**

We provide our customers with cost effective PCB assemblies, complete assembled systems and electronic components backed by a high level of technical support from a friendly, customer-focused and skilled workforce.

We are independently assessed by BSI to ISO9001 and ISO13485, as well as the requirements of the UK MDR. Our management systems ensure we comply with customer, statutory, regulatory and internal requirement and provide continual improvement of service, efficiency and infrastructure.

Tioga's objectives are focused on our commitment to the developing needs of interested parties and for a key part of our regular management reviews.

We are committed to exceptional customer relationships and happy and motivated personnel.
